## **ECHO Laptop stand with 'Smart Set' & 'Smart Doc'** Suitable for 14-17" laptop and notebook computers.

The ECHO ergonomic laptop solution has two **unique** features.

### **1. 'Smart Set' automatic angle setting system.**

Our unique system allows the user to choose the suitable angle and height setting of the stand upon the initial set up by simply sliding a plastic button to one of four positions (no tools required). After that, each and every time the stand is deployed the chosen settings will be automatically set up. (However the angle can be changed at any time in seconds if required)

### **2. 'Smart Doc' document support angles which are not determined by the laptop support angles.**

The most efficient reading angles are normally higher than the angle which a laptop will rest at in a stand. Therefore we have designed our unique document support to rest at a steeper angle than that which the laptop will rest. This feature also adds extra room for inserting and removing the laptop.

Benefits:

- Folds flat for easy transportation
- **Smart Set** - 4 Automatic laptop support angle settings from 31° - 50°
- **Smart Doc** - 4 Optimised document support settings from 42° - 60°
- 2 Cable tidy slots
- Non-slip rubber feet
- Plastic case

Compactly folds to just 250mm x 320mm x 7mm and weight just 310 grams!
