# Polk CommandBar™

The Sound Bar System with Alexa Built-in

Polk Command Bar — it's the home theatre sound bar system with Alexa built-in. With integrated far-field microphones and Alexa voice services, use your voice to control the sound bar, your smart home devices and stream music — "Just Ask." Features patented Voice Adjust technology for crystal clear dialogue, a wireless subwoofer for deep bass and 4K HDMI ports. Plus, it's fully compatible with FireTV (sold separately). Includes HDMI and Optical cables for quick and easy setup.

## Features

### The Home Theatre Sound Bar System with Alexa Built-in

Go hands-free with a voice-controlled Alexa built-in sound bar to stream music, control smart home devices, search information, hear news, listen to audiobooks from Audible, set alarms, control Amazon Video on Fire TV and more.

### Rich, Immersive Home Theatre Sound

With a performance tuned driver array, wireless subwoofer and Dolby/DTS surround sound decoding, you get an immersive, room-filling home theater experience.

### Control the Sound Bar with Your Voice

Use voice commands to control volume, select a source, set the bass and choose sound modes on the sound bar. At high playback volumes, use the Action button on the remote or the sound bar to ensure voice commands are heard everytime.

### HD TV Compatible

Works with 4K and HD TVs — plus, built-in dual HDMI 2.0b inputs ensure 4K HDR content looks great.

### Polk VoiceAdjust™ Technology

Customize the voice levels in the sound bar however you prefer to reproduce clear, crisp dialogue and never miss a single word of your favorite movie, TV show or sporting event.

### Fire TV Compatible

HDMI ports designed and spaced to fit Fire TV and other wide HDMI streaming devices. Built-in USB port also powers original and 4K versions of Fire TV (Fire TV sold separately).

### Always Learning More

Automated over-the-air support updates ensure the sound bar is always learning new Alexa voice services and other sound bar features.
